

ADOPTED: 7-1-2021

REVISED:

**PURPOSE:**

To establish guidelines for Jefferson Fire District response under the State Mobilization Plan.

**MCFDB Ready List**

The Marion County Fire Defense Board maintains a “Ready List” of available Fire Department resources available for call-outs under the State Mobilization Plan. By placing resources on the Ready List Jefferson Fire District agrees to send the minimum required personnel on the requested unit.

**Jefferson Fire District Ready List**

Jefferson Fire District will maintain a list of personnel who have committed to responding on a State Mobilization Plan call-out. Personnel on the list must meet all the requirements set by the State Mobilization Plan and Jefferson Fire District. The list shall be maintained and managed by DC Gisler.

**Jefferson Fire District Coverage**

It is the intent of Jefferson Fire District to participate in call-outs under the State Mobilization Plan. However, Jefferson Fire District can decline the opportunity if the call-out severely reduces the capability of providing coverage to the Fire District.

Jefferson Fire District has 3.5 FTE’s for fire/EMS response. If a full-time employee of the Fire District responds on a State Mobilization Plan call-out the Fire District shall cover the employees regular work schedule with a volunteer member of the Fire District.
